YANCEY YOUTH KILLED.

The little community of Yancey was deeply shocked and saddened early Thursday morning by the accidental death of Lloyd Bohmfalk, Yancey High School student, and 16 year old son of Mr. and Mrs. Fritz Bohmfalk of that place.
The youth was driving cattle near Yancey with his automobile, and apparently was carrying a shotgun across his knees, when the gun slipped and was discharged, the shot entering the boy's wrist and right eye, and killing him instantly.
He was alone at the time but was found immediately by a neighbor who heard the shot and saw the slowly moving car come to a stop. His family was then notified of the tragedy.
Funeral services will be held at Yancey this afternoon under the direction of the Herger Undertaking Co. of Hondo. The Yancey High School will be closed in respect and esteem for their deceased fellow student.
This paper condoles with the bereaved ones on the irreparable loss of so promising a youth.

THE BALLOTS READY.

The Official Ballots for the November 1932 election were printed this week and a sample of the same is printed on the inside pages of this paper. As you will observe it is the most voluminous ticket ever offered the voters, but when understood affords the voter a simple means of expressing his choice, whether voting a straight party ticket or a mixed ticket. All you have to do is to select the ones you are for and be sure to scratch all the others. The nine Amendments at the bottom of the ballot call for special attention unless you are willing to leave the changing of our Constitution to the other fellow.
Samples of the ballot can be had here at 5 cents each or cheaper in quantities.

PLEASED WITH SALE.

Mr. James of the Green Tag Store is well pleased with the progress of his special sale and says results are proving better than he had anticipated.

You will be surprised and delighted with the variety of bargains and the wide assortment of goods. And as to the prices—well, you'll wonder how he can do it.

DEMOCRATIC NATIONAL CAMPAIGN

The Garner District of Texas

Three Rivers, Texas, October 17, 1932.

Mr. Fletcher Davis, Chairman, Democratic Executive Committee, Hondo, Texas.

Dear Mr. Davis:

In accordance with the general plan of the National Campaign we have arranged a schedule for a series of meetings to be held in this Congressional District between now and November 8th, at least one meeting to be held in every county seat town.

This schedule calls for a meeting to be held in Hondo Tuesday, October 25th, at 8 P. M. We will appreciate it very much if you will make arrangements for this meeting including a good meeting place, and endeavor to get out as big a crowd as possible for it.

The meeting will be strictly for the National Ticket and we would like for you to get one or more speakers locally who will make short enthusiastic talks for Roosevelt and Garner. I have requested Mr. Roy Miller, State Campaign Director, to provide a speaker of State-wide prominence for the occasion, and I will also want about 30 minutes time myself to outline the plan of the campaign in this district.

Please advise me about this matter, addressing me at 229 Reese-Wil-Mond Hotel, Harlingen, where I will be until next Friday morning.

Assuring you that your cooperation in this campaign is greatly appreciated, I remain

Sincerely yours,
CHAS. R. TIPS,
Chairman.

Intense activity and a corresponding enthusiasm marks the Democratic campaign in the Fifteenth, or Garner Congressional District, it is said by Roy Miller, the Director of the Texas campaign, after a conference with Charles R. Tips, of Three Rivers, Chairman of the party's activities in the Fifteenth District.
A series of meetings including every county seat in the twenty-three counties embraced in the area has been arranged, beginning Monday, Oct. 17th. Encouraged by the success attending earlier meetings, a group of the party leaders are beginning the series with an afternoon engagement in Sarita Monday. At eight o'clock, an address will be made at Falfurrias. The tour will end November 7th, at Harlingen.

The most able speakers available will be furnished by the Speakers' Bureau of the state campaign. At a meeting at McAllen last night, State Senator W. K. Hopkins of Gonzalez addressed an enthusiastic audience estimated at more than five thousand people. An appeal to John Garner's neighbors to give him a majority in his own district greater than that given the Democratic ticket in any congressional district in the United States was made by Hopkins. He referred to the finance campaign now being conducted and said he hoped that contributions from this area would be proportionate to the district vote.

Several of the counties in the district have already obtained the rather heavy quotas assigned them, and assurance was given that other counties would be equally successful before the conclusion of the campaign.

The complete speaking schedule follows:
Monday, Oct. 17th, 2 P. M., Sarita; 8 P. M., Falfurrias.
Tuesday, Oct. 18th, 8 P. M., Harlingen.
Wednesday, Oct. 19th, 8 P. M., Llanburg.
Thursday, Oct. 20th, 8 P. M., Brownsville.
Friday, Oct. 21st, 8 P. M., Rio Grande City.
Saturday, Oct. 22nd, 2 P. M., Zapata; 8 P. M., Laredo.
Monday, Oct. 24th, 4 P. M., Cotulla; 8 P. M., Pearsall.
Tuesday, Oct. 25th, 8 P. M., Hondo.
Wednesday, Oct. 26th, 2 P. M., Brackettville; 8 P. M., Uvalde.
Thursday, Oct. 27th, 2 P. M., Crystal City; 8 P. M., Carrizo Springs.

SOUNDS TIMELY WARNING.

Creager, Seeing His Hold on Federal Patronage Gone If Roosevelt Elected, Trying to Secure Control of Texas Through Deal With Anti-Ferguson Forces.

JUDGE GEO. W. ARMSTRONG.

George W. Armstrong of Fort Worth, independent candidate for Governor, charged in Dallas Tuesday that Thomas E. Love, Cato Selis and Alvin Moody, dry Democratic leaders, had entered into a "conspiracy" with Republican National Committeeman R. B. Creager to throw their dry Democratic votes to Orville Lullington, Republican nominee for Governor.

"Creager is trying to play safe in lining up with the Democrats when political expediency demands it. He knows that he must find jobs for thousands of henchmen who will be out of jobs when Hoover goes out and Roosevelt goes in. He is merely planning to fill the State House at Austin with the men and women who will be thrown out of the Federal Buildings. Otherwise, he will have no organization."

"It is high time for the people of this State to bestir themselves and see that Creager does not build a political machine out of the State offices as he has now with the Republican Federal office holders, says Mr. Armstrong."

HONDO METHODIST CHURCH.

My dear Co-labroer:

We want to take this occasion to express our appreciation for the splendid co-operation that has been given us this year in the carrying out the program of the Church. Though it has been a very difficult and trying year in many respects, there has been shown a fine spirit, for which we are deeply grateful. We pray that the grace of the blessed Christ may richly bless everyone of you, and give you that peace and joy that he alone can give.

Conference Year Near Close.

As this Conference Year is nearing its close, we perhaps find ourselves facing the fact that we have not done all we could during the year. Perhaps we are regretting that we have not been more faithful. Maybe we have not been in a position to do what we would have liked in a financial way. But may you purpose in your heart that you are going to start the new year right by assuming your place and doing regularly and faithfully your whole duty.

Financial Plan For New Year.

The Board of Stewards have gone on record as favoring a new plan for financing the Church the coming year. One in which everyone will be urged to make an offering every Sunday or at least monthly, for the support of the program of the Church. By this method you will care for the work of the Kingdom as you care for the other needs of the home. Surely the Lord's work deserves our support along with the other needs of the household. And we need to make our acknowledgement of His ownership, and that we are His stewards.

We Must Face the Issue.

The services Sunday will be the last for this Conference year. We are far from our goal in meeting our financial obligations. We feel that we cannot go up to Conference until we have made an honest effort to raise at least a part of our Conference Claims. We have until this year been caring for the usual claims of the Church through the budget, but this year we have failed. Now we are facing a big deficit. Everyone is called upon to do his best.

We must do something on our Conference Claims. We suggest that every one who can possibly do so bring an offering Sunday to apply on these claims. If you could only know the crying need. Our Missionary work must go on, somehow. The work of Christian Education must not cease. These agencies are the very life of our Church. And then those old worn-out preachers, who have given their very life to the Church, we cannot fail them.

The time is here when we must share what we have. If you have money give it. If not, give what you have, the Lord will surely accept it in the spirit in which it is given. Give money, feed stuff, hogs, chickens, eggs, calves, sheep or goats, give of the fruits of thine increase. If possible, bring, send, or report what you will do Sunday. Everyone can do something. What you give will be converted into money and applied on the Conference Claims.

Make Sunday a Great Day.

Will you help to make Sunday a record breaking day in Sunday school attendance? The time, 9:45. If your baby is to be baptized have it here Sunday morning.

If you have been postponing joining the church, make Sunday the day to do it.

If you have been missing the worship service, do not miss Sunday by all means.

When this Conference Year has become history may there be no regret in our hearts.

Yours in the Master's service,
P. E. LANCASTER,
Pastor.

DUNLAY P. T. A.

The members of the Dunlay P. T. A. met at the school house, Friday night, Oct. 14, 1932. The meeting was called to order by the President, Mrs. J. D. Schweers. TO OUR SUBSCRIBERS.

In addition to increasing our postal rates on mailing our papers about 25 per cent, the Hoover scheme for relieving the depression compels the post office to charge us two cents for every notice of change in address it delivers to us. You can send us a notice on a 1c postal card and not notice it, but a 2c charge on us will soon aggregate a burdensome sum to us, so we beg of you to not leave it to the post office to notify us of change of address but do so yourself as soon as a change is made. Postmasters are asked to send no notice until several undelivered papers are accumulated and then only one. Thanking you in advance, we are,

REV. FITZSIMON GOES TO
SEGUIN OCTOBER 17.

The News learns with regret that Rev. L. J. Fitzsimon, pastor of St. Anthony's Catholic church for the past seven years, will leave Runge, Rev. Fitzsimon is a very aggressive church worker and has built up a large congregation of active members and through his untiring efforts was able to enlarge the church edifice to its present size. Aside from his church work he was always found ready to assist in any civic movement for the betterment of Runge and our schools. So well liked is Rev. Fitzsimon, not only by his own flock here, but by members of all denominations, that when it was learned he was leaving, a petition was immediately circulated requesting Bishop Drossaerts to permit him to remain in Runge.

Rev. Fitzsimon was offered the pastorate at Seguin, a larger field, and he had already accepted. He expects to leave on Monday, October 17th, for his new home. His good work here will long be remembered.

The News joins the many Runge friends in extending congratulations to Rev. Fitzsimon and wishing him well in his new undertaking.

DID YOU EVER STOP TO THINK

By Edson R. Waite,
Shawnee, Oklahoma.

Those with a quiet mind and an observant eye must find the present of surprising interest. We seem to be at the end of everything that is old and the beginning of everything new.

This new brand of politics, as preached over the radio, is indeed confusing. I have listened to quite a few of our politicians lately and have found some amazing statements among them. I heard, as near as I could understand:

THAT Democracy has come to the end of her road, and unless we elect a certain party there is only emptiness and a howling wilderness ahead. The next night another politician said that the other party gave us freedom with one hand and bound us in chains with the other. I heard, among other things:

THAT one part gives us liberty, but works us so hard in order to pay for it that we are a sorry lot of slaves.

THAT our governments for the past few years have been no governments at all, but mere corks riding on an aimless, restless, mindless sea of nature's instinct.

THAT the lessons of these post war years with their upheavals and internal disruptions are that no people are capable of governing themselves without a strong directional power whose stability is unassailable, and the air is full of names of the only ones to do this work.

It seems that the politicians do not call upon the people to govern themselves, but only to choose among the spell-binders those who will govern as they see fit.

We are indeed bewildered over the radio talks and hope that our political parties will buy space in our newspapers and tell their stories there so we can read their promises carefully and study them over. It would be more satisfying to the voters.

Hot Water Bottle Helps Weak Stomache

Many victims of stomach agony—gas, fullness after eating, biliousness, sick headache, dizzy spells, etc.—have found amazingly quick, sure, permanent relief this easy way:

First they throw away their magnesia, soda, and the idea they can't eat foods they like. They eat all they want of the nourishing things that appeal to them, merely taking a tablespoonful of mentha pepsin, or artificial stomach juice, before their meals. If they can, they lie down after heavy meals with a hot water bottle on the stomach.

And they have no more indigestion! Simple, isn't it? But simple remedies are best, says W. H. WINDROW, and offers mentha pepsin with a guarantee of money back if this easy home treatment does not free you, too, from stomach trouble.

Henry Faselser. The class has set high standards which will accomplish much with the help of everyone.

The Junior class was sorry to hear of the death of their sponsor's father; and their sympathy is with her and her people.

The first county meeting of the P. T. A. will be held at Yancey, Saturday, October 22, at 2:00 P. M. You are invited.

The local P. T. A. has set for its objectives for 1932-33 the study of the Seven Cardinal Objectives of Education.

The P. T. A. voted further to award perfect attendance with honor certificates, and to give to the library one book dedicated to every pupil who is exempt from final examinations.

School was closed Monday, Oct. 17, due to the death of Mr. Shultz, father of Miss Shultz, Y. H. S. Home Economics teacher.

A VOTER'S SONG.

Business got sick three years ago, I think it was in November. The sickest business has ever been, At least, since I can remember.

Dr. Hoover was called and put on the case; He said, now folks don't worry. This will blow over in ninety days, It's only a little flurry.

As months went by, and business got worse And banks started into busting, Prices fell, and jobs got scarce, He called it re-adjusting.

They brought in this thing they call farm board To give the farmer an anesthetic To put him to sleep while they cleaned his plow— This story is truly pathetic.

Now I am ready to try a new deal; Dr. Hoover's treatments are phony; The more he doctors the worse we get; His remedies are all balony.

Sprakers are paid to sing his praise; Mr. Hyde is his bottle baby. But the farmers' vote has got his goat And I don't mean perhaps or maybe! —E. J. M.

Work Weary "NERVES"

Do they make you Restless, Cranky, Tired, Sleepless, Dyspeptic, Head-achy? Do they spoil your pleasure and interfere with your work?

Tens of thousands have found a way to get relief from over-worked nerves—a way so simple, so pleasant, so low in cost, that we are constantly receiving letters that say, "If I had only found Effervescent Nerve Tablets sooner." Simon Brandt writes:

"I was very nervous from over-work. I couldn't sleep well, appetite was poor, and I felt weak for a long time.

"Used Dr. Miles' Nerveine and now feel fifteen years younger and I am working the same as I did before—fourteen to fifteen hours daily.

"Sorry I did not learn about this wonderful medicine sooner as I had tried everything I could hear of, without results, until Dr. Miles' Nerveine put me back on my feet."

When you are nervous, try this—put a Dr. Miles' Effervescent Nerveine Tablet into a glass of water. Watch it bubble up like sparkling spring water—drink it—enjoy the feeling of calm and relaxation that follows.

In Dr. Miles' Effervescent Nerveine Tablets a splendid formula for soothing overwrought nerves is combined with bicarbonate of soda and citric acid which tend to correct hyper-acidity—a frequent cause of nervousness.

1932 GOVERNMENT BORROWERS MAY COLLATERALIZE COTTON.

It is going to be natural for some borrowers to want to collateralize their loans to the Secretary of Agriculture. All loans must be paid by November 30th next or fully collateralized. The Government has ruled to allow farmers who have borrowed Crop Production Loans to put up enough cotton at 9c clear of all claim and labor expense to cover their loan to the Government.

This plan of collateralization is often misunderstood to be full payment of obligation. This is not the truth. To collateralize cotton means to put enough cotton up at stipulated price as security or to stand good for the obligation. The Secretary of Agriculture is permitting Crop Loan Borrowers to put up enough cotton at 9c clear of all expense, etc., to cover loan. This cotton must go through the Cototh Co-operative of Texas, or be stored in a Federal Bonded Warehouse, insured and storage paid six months in advance. Then the Warehouse must send receipts to the Crop Production Loan Office, 500 Dallas Power & Light Building, Dallas, Texas.

The borrower who collateralizes his cotton has to March 1st, 1933 to sell cotton or order sale at any time the market seems most favorable. After the above date, the Secretary of Agriculture shall take charge of cotton and sell it.

Collateralization does not mean payment but rather an extension. If cotton any time sells for less than 9c at which it was collateralized, the borrower has to pay the difference up to the amount of the loan. If cotton brings over 9c when sold, the Government will refund to the borrower the amount over the loan. Upon full satisfaction of the amount of collateralized cotton, the rest of the crop will be released in due course of time to the farmer to use as he needs or sees best.

It is suggested if one dose collateralize cotton that sufficient margin over amount be put up that more funds will not have to be secured if cotton does not bring 9c and furthermore, any over-payment will go to the borrower. It is often better to have a paid note and full release than speculation because market conditions can go down as easily as up. However, the Government has made collateralization possible and Government borrowers who insist upon same, may do so by complying with above information released to the P.C.S.

The local Banks or Field Inspector for Crop Production Loan Office will be glad to further inform concerning procedure to follow in collateralizing cotton which simply means waiting on the market a little longer and taking cotton off the market right at this particular time.

Some counties have paid their loans in full—100%—some communities in most every county in South, Central, East and North Texas have to date made a 100% cash payment of their Government loans. There is nothing like a paid note and release from the Government obligation.

Government expenses should be reduced to the minimum. Those borrowers who have not paid or fully collateralized thereby are adding heretofore additional Government expense. We earnestly request the co-operation of all interested parties and

JACOB A. BENDELE DEAD.

Jacob A. Bendele, aged 65 years, died at the home of his sister, Mrs. Adolph Haass, in Hondo, at 9 o'clock Saturday night, October 15, 1932. His body was taken to Devine and buried under the auspices of the Catholic Church, of which he was a life-long member. His pastor, Rev. Father Sciel, conducted the services from St. Joseph's Church. The funeral was largely attended by relatives and friends from all parts of the country.
Deceased was a son of the late Mr. and Mrs. Andreas Bendele and a member of a large family of children born and reared on the Francisco Creek in Haass Settlement. He is survived by a number of his brothers and sisters, all now mature men and women and a considerably settled. He spent his mature years on Black Creek and was a thrifty, successful farmer.
Besides his brothers, sisters and other relatives who mourn his departure, he is survived by his widow and their one child, Mrs. Frank Rihn, and six grandchildren.
This paper joins in sympathy for those who mourn.

The McElroy Motor Co. work shop was the scene of two incipient fires Tuesday that brought out the fire department each time. Luckily the flames were extinguished with chemicals before any serious damage resulted. The first occurred when a Mexican set a car containing a small quantity of gasoline down near a burning blow torch. This occurred inside the shop and a concrete floor and the presence of very little combustible material prevented a rapid spread of the flames. The other occurred later in the day when a passing Mexican cigarette smoker struck a match on the sidewalk in front, where a quantity of gasoline had been spilled. The flames communicated to one of the pumps and to a gasoline truck and, for a brief span, things looked serious. Cool heads, however, and the presence of hand chemical extinguishers again saved the day.

THE CHILD'S HAND WAS SAVED

Little Anne Fletcher, two years old, climbed to a chair beside her mother. Mrs. Fletcher, busy stirring hot taffy, didn't notice the child. Anne had eaten taffy before. Innocently she plucked a tiny hand into the sizzling mass. Screaming, she withdrew little fingers. Boiling molasses dripped to the floor.
Almost frantic, Mrs. Fletcher ran to the telephone. A neighbor sped the child to the nearest physician. For eighteen days, treatment was given. And the child's hand was saved.
Such an accident may not befall you. We hope it never will. But the telephone is ready day or night for emergencies... for business... for pleasure.

B. C. WIEMERS DEAD.

After an illness of several years duration, death came to B. C. Wiemers at his home a few miles north of Hondo early Friday morning, October 14, 1932. His body was laid to rest in Oakwood cemetery, mourned by all who had known him in life.
A friend who knew him intimately over a long stretch of years kindly furnishes us the following sketch:
B. C. Wiemers, who passed to the great beyond on October 14, 1932, was born in New Fountain, Texas, of the early pioneers of the county, years ago, when the Civil War clouds were gathering fast, and the feeling between the North and South began to wax bitter, and when the union of this great nation was shattered and the men were mustered into service to protect the interests of its people. As a lad he endured hardships brought upon the South by the Civil War, his school days were numbered and the school facilities were of the crudest form. Most of his instruction was received from the ministers who served the churches at that time. As a young man he suffered the hardships of the early frontiers, and had the experience and thrill of a wild west hold-up just a little beyond where Uvalde stands. When the Southern Pacific began to build its lines west he worked in the railroad camps, and helped build the line through the county. In 1885 he was married to Miss Zeda Sathoff of the Quilhi Community and moved to his farm seven miles north of Hondo where he resided till about ten years ago when he built a home in the New Fountain community, where he lived till death relieved him of his sufferings.
He was a man who stood for high ideals, and for things that were elevating and helpful to humanity. The citizens of the county had faith in his integrity and elected him as commissioner of precinct No. 1 for several terms. As an official he did much constructive work for his constituents by having the rivers and creeks of the county bridged. He was a faithful member of the Methodist Church at New Fountain until his death. His remains were laid to rest in the Oakwood cemetery in Hondo under the auspices of the Methodist church with Revs. Dechert, Robert Moerner of Mason and F. W. Radetzky of Art officiating, amid a large concourse of friends and relatives paying their last tribute to their friend at his final resting place.
He is survived by his widow, Mrs. Zeda Wiemers; five sons: John, Mike, Otto, Benjamin and Robert, and four daughters: Mrs. Alwina Hartman, Mrs. Katie Muennink, Mrs. Ida Ward and Miss Ida Wiemers. Also by four brothers: D. W. Wiemers, Theodore and George of Hondo and Rev. William Wiemers of Georgetown, and one sister, Miss Annie Wiemers.

The occasion was closed with a dainty repast of sandwiches, cake and hot chocolate. Mrs. Elmer Leinweber presided and all participants in the program vied in making the event such as to be enjoyed by all.

Decatur, Texas, Oct. 15.—Colonel Dick Collins, editor of the Wise County Messenger, is a member of the Democratic Campaign Committee for Texas. Among his duties is that of raising funds for the national ticket.
With the courage and pertinacity that is typical of Colonel Dick in everything he undertakes, he is freeing Cuba from the Spaniards to delivering America from the Republicans. He tackled W. C. Milligan, prominent Decatur business man, who has been a life-long Republican.
Colonel Dick promptly pinned a Roosevelt-Garner medallion on exalted a contribution from him and passed on to the next prospect. Judge A. Muldoon, former Nebraskan and likewise a Republican, who became Shareholder in America Number two for Wise County, as quick as Dick could tell his story.
"After that," says Colonel Collins, "a rest was easy." A Democratic photographer caught Colonel Collins and Mr. Milligan in the informal pose pictured in the accompanying photo graph.

The sad story of failure of what at one time was a promising cotton crop is told by the ginning figures furnished us by Gin Statistician John P. Lippold. Up to October 1, 1931, short crop though it was, Medina County had ginned 1190 bales of cotton. Up to the same date this year only 528 bales, or less than fifty per cent, had been ginned. Increased ravages of insect pests, the spread of root-rot and uncertainty of price has seen the drop from a crop of upwards of ten thousand bales to this small crop within the last year or more years.

BAPTIST NEWS NOTES.
 Rose Sterling and Jack Dempsey
 come back, who can? Why the
 Baptists can all come back if they
 look for the result of honest
 effort on next Sunday morning at
 10 o'clock, when the Bible school
 opens. If you are there, we will
 be unanimous. We are study-
 ing foundation principles now. We
 want to renew the class of young
 people. Meet us next Sunday, boys.
 At 11 o'clock hour, the Pastor
 will speak on Men and Religion, or
 place men should occupy in the
 life of God. Every man in town
 thinks reverently of our Father's
 house regarding this matter is cor-
 rectly urged to be present. Many
 are losing out, on account of
 ignorance or indifference. The
 Lord slows down or takes the back
 when we put Christ's Cause be-
 hind us. The evening service will
 be at 7:30 o'clock. A comfortable
 place is held in reserve for you. What
 your action be? Then, on that
 day, when face to face we shall
 see Him, what will our answer be?
 The Pastor urges you to come to the
 Baptist church on next Sunday and
 find both a welcome and a blessing.
 The Pastor.

Co-operation
 It once was thought the life of trade
 was mostly by competition made;
 But men of genius later found
 Co-operation must abound
 One reason we are in high ranks
 Is partly due corresponding banks.
 The man who tries to go alone
 Will find he has poor judgement shown.
 The Hondo State Bank is ready to
 Always co-operate with you.

QUIHI NOTES.
 My soul thirsteth for God, for the
 living God. Psalm 42:2.
 Thou hast made us unto Thee, and
 our heart is restless until it resteth
 in Thee, O God. That's the dictum of
 St. Augustine. It's true and univer-
 sal psychology. No people were ever
 found without this soul-thirst,
 without religion. It's inborn into
 every individual. Some deny it, sup-
 press it temporarily; many try to
 quench it with erratic substitutes,
 illusions, wild speculations. In vain,
 whether unconsciously, subconscio-
 usly or only periodically conscious, it's
 ever there. And the living God only,
 the God of revelation, can quench it
 and put that ever aching and craving
 heart of yours to peaceful rest. It's
 worthy the test.
 Clean-up Day was the motto out
 here. Thrice, and with good response
 and great effect. What a change.
 For the sense of beauty and safety,
 and other considerations, such days
 should not be few and far between.
 We had the privilege to present a
 few thoughts on a vital subject to the
 P. T. A. at New Fountain—on Home,
 School and Church and their correla-
 tion. A few days later it was our
 pleasure to speak to the pupils there.
 Trust we spoke to the point and
 found a few receptive minds.
 The Quihi S. S. is starting out with
 full preparations for the Christmas
 celebration. If your child should
 take part in the program, let us
 know, and right soon.

ST. PAUL'S LUTHERAN CHURCH.
 A young lady said to a friend, "I
 cannot get interested in missions."
 "No," replied her friend, "you can
 hardly expect to. It is just like get-
 ting interest in a bank. You have to
 put something into the bank before
 you can get interest. And the more
 you put into the mission cause, time,
 money, prayer, the more the interest
 will grow."
 What is the greatest work of God?
 The salvation of the sinful world,
 through the merits of Jesus Christ.
 What is the greatest work of man?
 Skyscrapers, airships, balloon as-
 cents into the stratosphere, televi-
 sion? Great works of man, indeed,
 but not the greatest. The greatest
 work of man must be God's work,
 must also be mission work.
 Are you interested in mission
 work? Are you interested in that
 which your God and Savior is vitally
 interested in?
 "The cause is Thine, Lord Jesus
 Christ,
 The cause for which we pray,
 And since it is of Thy design,
 It cannot pass away."
 We invite you most heartily to at-
 tend our mission festival to be held
 on Sunday, October 30, in conjunc-
 tion with Reformation. The morn-
 ing service at 10:30 and the night
 service at 7:30 will have as main
 speaker, Rev. Henry Hafemann of
 Marlen, Texas. Special music will
 be rendered by the choir.
 There will be German service next
 Sunday, October 23, at 10:30 A. M.
 and English service at night at 7:30.
 The Lord is providing magnificent
 churchgoing weather. Show your
 thanks by making use of it and guide
 your car to the door of God's Temple.
 The Sunday School teachers will
 meet, unless otherwise announced,
 on Friday night, next week, October
 28, at 7:30. The study of the Gospel
 of St. Matthew will be taken up with
 view toward learning the Savior's
 method of teaching.

**POPULAR STARS UNITED IN
 "GIRL OF THE RIO".**
 After an absence of two years
 owing to illness, Dolores Del Rio re-
 turns triumphantly to the screen in
 a glamorous role. The star makes her
 belated celluloid appearance at the
 Colonial Theatre this Friday and Sat-
 urday in RKO-Radio Pictures' "Girl
 of the Rio". Featured with her is
 Leo Carrillo, rapidly becoming an
 outstanding screen star.
 Miss Del Rio plays the role of "The
 Dove", who is forced by circum-
 stances to dance and sing in a riau-
 sous cafe just across the border from the
 United States.
 Dramatically, Miss Del Rio por-
 trays what critics have declared to
 be the best starring role of her car-
 eer, combining the poetic beauty of
 her work in "Ramona" and "Evan-
 geline" with the vivacity and move-
 ment of "What Price Glory".
 Supporting the star are Leo Car-
 rillo, who plays the vain-glorious Don
 Jose Tostado, the self-proclaimed
 "bes" caballero in all Mexico; Nor-
 man Foster, who wins the fair Dol-
 ores' heart; Stan. Fields and Ralph
 Ince, arch villains; Edna Murphy and
 Frank Campeau. The picture was
 directed by Herbert Brenon.
 Next week—William Farnum and
 a great all star cast in "10 Nights in
 a Bar Room".

**MELLOWED

**While Nature created frightfulness
 in PENNSYLVANIA**
 UP from the buried sands of the Devonian Age, formed
 millions of years before even these frightful monsters
 lived, comes the Bradford-Allegany crude oil of the
 Pennsylvania District—the crude which Sinclair refines
 into Sinclair Pennsylvania Motor Oil. Bradford-Allegany
 crude is Pennsylvania's costliest crude. The extra price
 which Sinclair must pay for every barrel of Bradford-
 Allegany crude results from its remarkable lubricating
 quality—a quality which was established by the perfect
 oil-forming conditions in the Devonian Age, enhanced
 by a hundred million years of filtering and mellowing.
 Ask to have your oil changed to Sinclair Pennsylvania—
 the year-round Pennsylvania grade motor oil, de-waxed
 and freed from petroleum jelly at as low as 60° F.
 below zero.

EVERYTHING IN READINESS FOR THE FINAL PRODUCTION OF "ROSETIME".

The Community Club reports the cast and everything in complete readiness for the Musical Comedy "Rosetime", that is to be staged Friday evening, October 21st, at the Parish Hall in D'Hanis. "Rosetime" is one of the prettiest amateur productions staged throughout the country and promises a real treat for all of those who attend.

Sixty prominent D'Hanis people will take part in the production.

One of the prettiest features of "Rosetime" is the Miniature Wedding where 24 little tots will be seen.

Sixteen of D'Hanis' most attractive and charming girls will be introduced in 12 beautifully costumed choruses. Eight chorus boys will be seen in four musical and dancing numbers.

Remember the date—because you really can't afford to miss "Rosetime".

TWO BLACK CROWS AND "PEACHES" BROWNING IN PERSON. RKO-MAJESTIC. SAN ANTONIO. WEEK OCT. 21ST.

All theatre-goers who have laughs to laugh should prepare to laugh them at the RKO-Majestic next Friday, Oct. 21st., as The Two Black Crows, whom everybody knows as Morin and Mack, will be at the RKO-Majestic in person.

The Two Black Crows have reached the heights in vaudeville, musical comedy and motion pictures. They left vaudeville to be featured in Earl Carroll's "Vanities". During that time they made themselves celebrated as recording artists and are returning to vaudeville as all vaudevillians do who yearn for the applause of a live audience. There are no better darky delineators than Moran and Mack and their fun is absolutely irresistible, which marks their return to the vaudeville stage an amusement event.

"Peaches" Browning, the well known Cinderella girl whom many women have been waiting to see, is the second feature. "Peaches" brings a nifty little offering consisting of singing and dancing.

Harry J. Conley, the wide crackling stickler, will be in a skit "Willie Goes Home", a farce comedy written by Dr. Rockwell.

Paddy Cliff and Orchestra, with Flo Herman in "Southern Rhythm" display musicianship in a style that cleverly blends the creations by Mr. Cliff into something musical presentations. Mr. Cliff is a very able leader, as well as a composer. Flo Herman's pleasing and unusual voice fits very nicely in the social number Paddy Cliff arranged for her.

Three French Misses are seen in "The Whirl of Life", where they display a fast routine of cross-bar, twirls and other athletic feats that women are very seldom seen doing.

On the screen, "The All American", one of the most timely football romances of all time, even mightier than "Spirit of Notre Dame", with brother against brother fighting for a touch-down while crowds cheer, admire, idolize these two battlers. The cast is headed by Richard Arlen, Andy Devine, June Clyde, James Gleason, Gloria Stuart, Preston Foster and the 1931 All-American football team. Also the RKO News.

Haralson, Mrs. Joe Breiten, Mr. Earnest Boehle and mother, Mr. and Mrs. Will Breiten and son, Mr. and Mrs. Armin Breiten and daughter, Mr. and Mrs. Tom Watson and daughters.

HONDO DEFEATS SABINAL 58 TO 0.

Last Friday the Hondo High School Owls went to Sabinal and rode roughshod over the light Sabinal Yellow-jackets. Coach Flory used every man on the squad except Tony Taylor and Bru Miller, these two players being held out on account of injuries.

The Owl forward wall smothered every attempt through the line, and every Sabinal pass was either intercepted or incomplete. Not a first down was registered by the Yellow-jackets. On the offense, the Owls looked like world beaters at times, but on punt returns and pass interceptions the team seemed to enjoy watching the runner more than running interference. August and Tommy Finger cut loose with a passing attack in the last half that completely bewildered the Yellow-jackets and the spectators. Parsons took four heaves over the line unmoled, while Tommy Finger carried one over the same way.

Coach Richards' team deserves a great deal of praise for the way they fought. The Sabinal Pep Squad had more spirit than any we have seen in a long time, and we hand it to them for the sportsmanship they displayed.

RURAL KINDERGARTEN PROVES PROFITABLE.

By Juliette Frazier.

A friend who found it necessary to earn some extra money to help put her two daughters through high school hit upon the idea of starting a "Rural Kindergarten."

She had often heard some of her neighbors express their desire to go to market, but because they were hampered by small children they were obliged to stay at home.

A little investigation on the part of my friend, soon revealed that in her neighborhood were many mothers who would appreciate it if they were relieved of the care of their children one or two days of each week, and would be most willing to pay a fair sum for this service.

On the South side of my friend's house was a half acre of land upon which grew several large shade trees. This land was fenced in by a strong woven wire fence, about four feet high, and after the grass had been mowed down it served very well for a playground during pleasant weather.

A DOCTOR NEEDED.

Mosquitoes may feed on one's anatomy for some time without causing more than temporary annoyance.

Continued long enough and the victim comes down with an acute fever—an aggravated symptom of the malaria with which his system has become infected.

Pearing cold water on his fevered brow affords temporary relief but only a purging of his system of the malaria virus can effect a cure.

If one's negligence to the duty exacted of all life to obey nature's laws has gotten him in such a condition, then his only recourse is to call a doctor and resort to heroic means to effect a cure.

The body politic has got the malaria, so to speak.

The recent bonus upheaval was a mild rise in temperature.

The farmers' strike in the Western central Northern states is a fever. It may burn itself out and subside and it may bring on "congestion" and serious results.

Any one familiar with the symptoms of malaria knows that a "congestive chill" is a symptom to be feared.

The situation in the area affected by the farmers' strike is fraught with many possibilities of dangerous complications that need a physician and need him quickly, and with a remedy that will go to the bottom of the disease and remove the cause.

When the patient is burning up with a fever the quinine doctor knows it is no time for complacent inactivity.

The Boston massacre was not long in being followed by its Lexington and Concord.

It is not a far step from a "lawful assemblage and petition for a redress of grievances" that is spurned or left unheeded to an armed protest that may be drenched in blood.

Where is the doctor of economics and state craft who can and will apply the remedy?

The great agricultural industry of America is sick—desperately sick! American agriculture has been a giant—nurtured on matchless natural resources of virgin acres of fertile soil, marvelous climatic conditions and a rapidly developing population that must be fed and clothed.

But for that, it would have known its ailment long ago; because of its slow realization it is now all the sicker.

Since the first mosquito of special privilege was hatched from the brain of senescent selfishness in the form of a protective tariff and let loose to prey upon the life-blood of agriculture, and, at the same time, poison its stream with the virus of discrimination, to the present Congress' recent enactment of nuisance taxes, the giant's strength has been sapped and his system pumped full of disease by making him the "unfavored" victim of legislation to benefit the "favored" beneficiaries of special privileges.

Unconscionable tariff laws have destroyed the foreign market for the farmers' products, by making an exchange of products with foreign countries impossible, while at the same time it has exacted unholly tribute from them by forcing them to pay artificial prices, far beyond their intrinsic value, for the products of favored industries.

By farming out to usurers, that they may fatten, like vampires on the blood of their victims, the people's right to—through the agency of their government—issue their own money and regulate the value thereof, the government has placed within the hands of a few favored ones the power to raise the value of their dollar and reduce the price of the products of the farmers' toil at will.

And so on and on through a seemingly endless category of special privileges to a favored few at the expense of an unfavored agriculture.

Ill-advised socialistic and paternalistic schemes of farm relief may, like cold water to the fevered brow, bring some degree of relief to a sick agriculture.

So far, however, they have been none too helpful even in that.

But only cure can come from removing the cause—agriculture must be relieved of being the goat of special privilege and given its rightful place of equality with every other industry by abolishing special privilege.

The farmers' strike is a warning symptom of the deep-seated disease that is making the country's basic industry sick with an illness that endangers not only the health but the very life of our whole political and economic organism.

Where is the great physician who will come with healing in his hands before it is too late?
